JumpStart YM Entry Strategy for Longs – 6/12/24 Tick Profit Intervals – 20 Tick Stop

Copyright © 2009 by Bob Hunt. No part of these resources may be reproduced, stored or transmitted without prior written permission.

Initial trade entry – 3 contracts with a 20 tick stop on each.

At a 6 tick profit liquidate the 1st contract – keep the stop at 20 ticks on the remaining 2.

At a 12 tick profit liquidate the 2nd and move the stop on the remaining contract to breakeven.

At a 24 tick profit liquidate the last contract and get ready for the next trade setup.
